Our Solutions

eCommerce Last-mile Delivery

Integrate, Manage, Ship

Our technology facilitates full visibility into the shipping experience to improve customer journey. We deliver exceptional features to empower our partners

Cash on Delivery (COD)

A hassle-free payment option that allows your customer to pay upon delivery

Cash Before Delivery (CBD)

Proudly to be the first in the Kingdom of Saudi Arabia!

Enabling our partners to run smooth cashflow by receiving payment before delivering the shipment.

Door-To-Door

Deliver your packages safer, faster, and more reliably than ever, from pick up to drop off.

Bullet Delivery

Aptly named! your shipment will be safely delivered within few hours.

Shipment Replacement

Cut shipping time and increase success rate by relabeling the undelivered orders and dispatch to other customer.

Reverse Pick-up

Customers can now easily return or exchange their shipments to online stores

Download Sae Mobile App & Start Your Shipping Journey!

Sae App enables users to smoothly ship their parcels from their doorstep to their desired location seamlessly. With a click of a button, we offer value-added services such as collection and delivery options, delivery notification, and special handling to meet all shipping needs.
